Mounting Options: See individual components and hardware page 6

Shown w/2-
Step Headrest

Anterior Headband

This anterior headband can be added as an option on our 2-step and 2" occipital headrests to assist with decreased head control.

Headband Includes:

- Velfoam forehead band
- 4 washers
- 2 round knobs

90435 Headband, Attachment Hardware Included

Head Support Belled Headrest - Dynamic Interface

Belled Headrest

The belled headrest is designed for high tone applications, and works well for clients who consistently get "hooked" around the edge of conventional headrests.

Standard includes:

- 4" tall plate steel base w/socket
- 3/4" layer of closed cell foam
- 6" horizontal bar w/ball
- 6" vertical bar with 7/16" collar
- Fixed mount
- Naugahyde cover

Standard

- 94100 18", Fixed Mnt
- 94105 14", Fixed Mnt

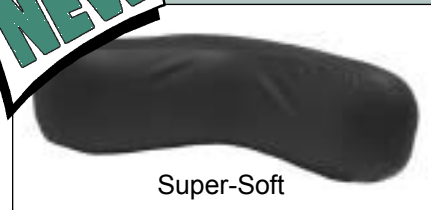

Super-Soft upgrade includes:

- 1/2" open cell foam
- Gel + Tec GellyComb layer
- 1/2" soft Sunmate foam
- Zippered Dartex Super-Soft cover

Super-Soft

- 94110 18", Fixed Mnt
- 94115 14", Fixed Mnt

Mounting Options: See individual components and hardware page 6

Super-Soft

Dynamic Headrest Interface

This interface allows responsive movement to occur due to increased muscle tone in the neck or upper trunk. A gas spring allows smooth, even return of the headrest after it has been deflected from its original position. Swingaway auto-lock mounting base required.

- Collar bracket fits standard 7/16" vertical bar
- Optional gas spring tensions available (40, 80, & 120 lbs)
- Custom collar brackets and swingaway mounts available for OttoBock, Stealth, Whitmyer, etc.

- 90250 Light, 40 lbs.
- 90255 Medium, 80 lbs.
- 90260 Heavy, 120 lbs.

Headrest

Dynamic Headrest Horizontal Adjustment Bar

This 6" horizontal adjustment bar allows rearward movement of the headrest using a spring-loaded ball rod. It moves along a singular plane and offers comfort to those with high tone. Requires 7/8" collar vertical bar.

- 90245 7/8" Horizontal Adjustment Bar
- 90246 1" Horizontal Adjustment Bar

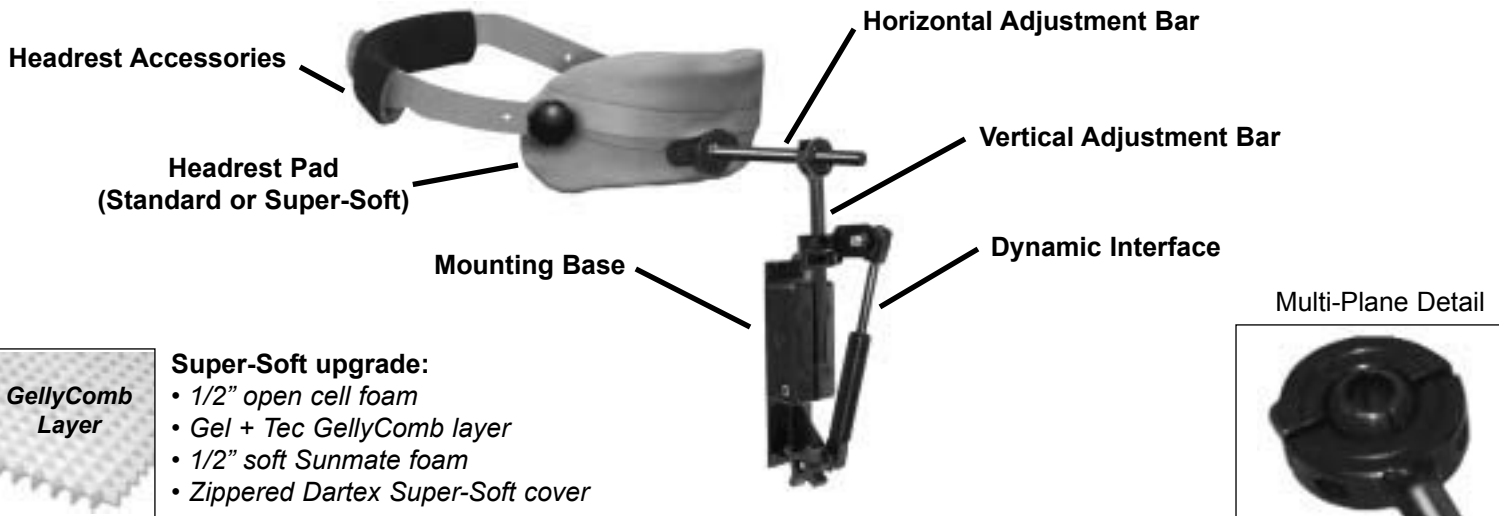

Head Support

Headrest Builder - Replacement Parts

The Headrest Builder

Miller's headrest hardware and components can be combined in a variety of ways to create a customized head support system. Use the components on the opposite page to design your own headrest system.

Headrest Replacement Parts

Headrest Cover: Standard

- 90000 Occipital, 6"
- 90001 Occipital, 8"
- 90029 2-Step, 6"
- 90030 2-Step, 8"
